- CGPA - 7.8
- 2016 - 2018
K.E.N.C GOVERNMENT HIGHER SECONDARY SCHOOL
 - HSC & SSLC
 - 65% & 60%

PROJECT

BRICK BREAKER GAME

casual game play

- Created a dynamic Brick Breaker game using Java and the Swing framework. Implemented essential game features including paddle control, ball movement, brick destruction, and score tracking. Utilized object-oriented programming concepts to structure the game logic, ensuring code readability and maintainability. Designed interactive user interfaces, including start menus, game screens, and score displays, enhancing the overall user experience. Employed collision detection algorithms to handle interactions between game elements accurately. Optimized game performance through efficient resource management and code optimization techniques.

Java Backend Project

Tool - Eclipse IDE

PERSONAL PORTFOLIO WEBSITE

STATIC PORTFOLIO CREATION

- Developed and curated a professional personal portfolio showcasing a diverse range of projects, skills, and achievements. Designed the portfolio website using modern web technologies such as HTML5, CSS3, and JavaScript, ensuring responsiveness and cross-browser compatibility.
- Implemented interactive elements, including project galleries, contact forms, and social media integration, to engage visitors effectively.

Front End Project

Tool - Visual Studio code
